

SERITAG

29mm On-Metal NTAG213

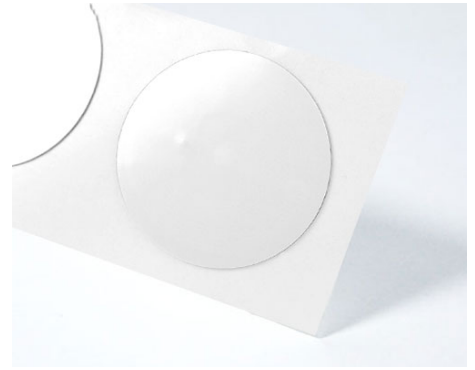

Our most popular on-metal label, the ST706 is a 29mm round tag with white PET plastic face. NTAG213 NFC chip. The tag uses high performance ferrite barrier material and a specifically tuned antenna to get the best possible scan distances for an on-metal compatible product.

Supplied on reels for easy handling, this tag can also be supplied with a visual ID and/or QR code print for direct asset or marketing use. Can be applied to slightly curved surfaces, for example fire extinguishers.
